

Project Type: Office

Renovation & Adaptive Reuse

Project: 465 Medford Street
Client: The Flately Company
Location: Charlestown, MA
Size: 225,000 sq.ft

Project Description:

The project consisted of Schematic Design and Design Development services for the 225,000 sq.ft. renovation to five story industrial/manufacturing building. The program included several one story glass and standing seam metal roof entry features, handicap accessibility, sidewalk and lighting improvements, exterior facade modification, and loading dock, service, interior stair, elevator and mechanical space installations.
