

# Project Type: Office

Tenant Improvements

**Project:** Boston Medflight  
**Location:** Bedford, MA  
**Size:** 4,363 SF

## Project Description:

Relocation of Boston Medflight (New England Life Flight) corporate headquarters and flight operations from Boston to 4,363 sq. ft. at Hanscom Air Force Base. Renovations to existing airplane hanger include: exterior facade modifications and interior space planning/renovations. The existing building has been complemented with new entry doors and window improvements. The interior of the building has been renovated offices; communications; training; conference room and mezzanine storage space.
