

Project Type: Restaurant

New Construction, Renovations & Tenant Improvements

Project: Chilli's Restaraunts
Client: New England Restaraunt Group
Location: New England Locations
Size: 3500 - 5000 SF

Project Description:

Restaurants of approximately 3,500-5,000 sq. ft. consisting of new construction and conversion/renovation of existing spaces. Most projects consisted of site adaptation/layout and development of construction documents for prototypical one story buildings, as per Chili's prototypical building program specifications. Renovations to existing buildings included exterior facade re-configuration/modification and interior space planning.
