

Project Type: Restaurant

New Construction

Project: Honey Dew Donuts
Client: Michael Stanton
Location: Foxboro, MA
Size: 2,250 SF

Project Description:

Design and developed a new, freestanding, non-prototypical 2,250 sq. ft. store. The project consisted of site adaptation/layout and development of construction documents for a single story building for a franchisee, based on Honey Dew Donuts proto-typical building program specifications.
