

Project Type: Housing

Renovation/Adaptive Reuse

Project: Willow Loft Residences
Client: Nikolas Nikitas
Location: Fitchburg, MA
Size: 60 Residential Units

Project Description:

This project included conversion of an existing turn of the century, four story, mill building (heavy wood frame construction with wood timber flooring and brick exterior) originally built for the Brown Steam Engine Company. It was redeveloped and redesigned to include approximately 60 residential apartment units with service and resident amenities
